

Wichtigste Publikationen 2004

Mathias Heikenwalder, Magdalini Polymenidou, Tobias Junt, Christina Sigurdson, Hermann Wagner, Shizuo Akira, Rolf Zinkernagel, and Adriano Aguzzi (2004) Lymphoid follicle destruction and immunosuppression after repeated CpG oligodeoxynucleotide administration. *Nature Medicine*, 10: 187-192.

Nicolas Genoud, Axel Behrens, Gino Miele, Dimitri Robay, Frank L. Heppner, Stefan Freigang, and Adriano Aguzzi (2004) Disruption of Doppel prevents neurodegeneration in mice with extensive Prnp deletions. *PNAS* 101:4198-203

Weissenberger J, Loeffler S, Kappeler A, Kopf M, Lukes A, Afanasieva TA, Aguzzi A, Weis J. (2004) IL-6 is required for glioma development in a mouse model. *Oncogene* 23(19):3308-16

Gandy S, DeMattos RB, Lemere CA, Heppner FL, Leverone J, Aguzzi A, Ershler WB, Dai J, Fraser P, Hyslop PS, Holtzman DM, Walker LC, Keller ET. (2004) Alzheimer A beta vaccination of rhesus monkeys (*Macaca mulatta*). *Alzheimer Dis Assoc Disord.* 2004 Jan-Mar;18(1):44-6.

Prinz, M., Montrasio, F., Furukawa, H., van der Haar, M. E., Schwarz, P., Rüllicke, T., Giger, O., Häusler, K. G., Glatzel, M., and Aguzzi, A. (2004). Intrinsic resistance of oligodendrocytes to prion infection. *J Neurosci* 24: 5974-81.

Gennadij Raivich, Marion Bohatschek, Clive DaCosta, Osuke Iwata, Matthias Galiano, Maria Hristova, Abdolrahman S. Nateri, Milan Makwana, Lluís Riera-Sans, David P Wolfer, Hans-Peter Lipp, Adriano Aguzzi, Erwin F Wagner and Axel Behrens (2004) The AP-1 transcription factor c-Jun is required for efficient axonal regeneration. *Neuron* 43(1):57-67

Pocchiari M, Puopolo M, Croes EA, Budka H, Gelpi E, Collins S, Lewis V, Sutcliffe T, Guilivi A, Delasnerie-Laupretre N, Brandel JP, Alperovitch A, Zerr I, Poser S, Kretzschmar HA, Ladogana A, Rietvald I, Mitrova E, Martinez-Martin P, De Pedro-Cuesta J, Glatzel M, Aguzzi A, Cooper S, Mackenzie J, Van Duijn CM, Will RG. (2004) Predictors of survival in sporadic Creutzfeldt-Jakob disease and other human transmissible spongiform encephalopathies. *Brain*. 2004 Sep 10 [Epub ahead of print].

Polymenidou M, Heppner FL, Pelliccioli EC, Urich E, Miele G, Braun N, Wopfner F, Schatzl HM, Becher B, Aguzzi A. (2004) Humoral immune response to native eukaryotic prion protein correlates with anti-prion protection. *PNAS* e-published Aug 3, 2004

Frank L. Heppner, Melanie Greter, Denis Marino, Jeppe Falsig, Gennadij Raivich, Nadine Hövelmeyer, Ari Waisman, Thomas Rülcke, Marco Prinz, Josef Priller, Burkhard Becher, and Adriano Aguzzi (2004) Experimental autoimmune encephalomyelitis repressed by microglial paralysis. *Nature Medicine*, in press

Adriano Aguzzi and Magdalini Polymenidou (2004) Mammalian Prion Biology: One Century of Evolving Concepts. *Cell* 116: 313-327

Aguzzi A, Glatzel M. (2004) vCJD tissue distribution and transmission by transfusion--a worst-case scenario coming true? *Lancet*. 363:411-2

Adriano Aguzzi (2004) Understanding the diversity of prions. *Nature Cell Biology*, 6(4):290-2

Glatzel M, Giger O, Seeger H, Aguzzi A. (2004) Variant Creutzfeldt-Jakob disease: between lymphoid organs and brain. *Trends Microbiol*. 12: 51-53

Adriano Aguzzi and Gino Miele (2004) Recent advances in prion biology. *Current Opinions in Neurology*, 17: 337-42.

Heikenwalder M, Prinz M, Heppner FL, Aguzzi A. (2004) Current concepts and controversies in prion immunopathology. *J Mol Neurosci*. 23: 3-12.

Aguzzi A, Heikenwalder M, and Miele G. (2004) Progress and problems in the biology, diagnostics, and therapeutics of prion diseases. *J Clin Invest* 114: 153-160.

Aguzzi A, Sigurdson CJ. (2004) Antiprion immunotherapy: to suppress or to stimulate? *Nat Rev Immunol*. 2004 Sep;4(9):725-36.

Heppner FL, Aguzzi A. (2004) Recent developments in prion immunotherapy. *Curr Opin Immunol*. Oct;16(5):594-8.

Aguzzi A. (2004) The immune component of brain disease The surprising renaissance of neuroimmunology. *Curr Opin Immunol*. Oct;16(5):584-6.

Markus Glatzel, Katharina Stoeck, Harald Seeger, Thorsten Lühns & Adriano Aguzzi (2004) Human prion diseases: molecular and clinical aspects. *Arch. Neurol.* (in press)
