

# Literaturverzeichnis

## Goiana accident

- Use of recombinant granulocyte-macrophage colony stimulating factor in the Brazil radiatiron accident. The Lancet 1988 Aug.
- Radiation accident grips Goiânia -News & Comment. Science 1987 Nov.

## Late effects

- More than thirty years after the Chernobyl accident: What do we know about the effects of radiation on the environment? Epub 2019 Nov.
- Interactive RadioEpidemiological Program (IREP): a web-based tool for estimating probability of causation/assigned share of radiogenic cancers. Health Phys 2008 Jul.
- The Incidence of Leukemia, Lymphoma and Multiple Myeloma among Atomic Bomb Survivors: 19502001. Radiat. Res. 2013 Feb.
- Ionising radiation and risk of death from leukaemia and lymphoma in radiation-monitored workers (INWORKS): an international cohort study. Lancet Haematol. 2015 Jul.
- Studies of the Mortality of Atomic Bomb Survivors, Report 14, 19502003: An Overview of Cancer and Noncancer Diseases. Radiat. Res. 2012 Mar.
- Short-term and long-term health risks of nuclear-power-plant accidents. N Engl J Med. 2011 Jun.
- RadRAT: a radiation risk assessment tool for lifetime cancer risk projection. J Radiol Prot. 2012 Sept.
- Risk of Myelodysplastic Syndromes in People Exposed to Ionizing Radiation: A Retrospective Cohort Study of Nagasaki Atomic Bomb Survivors. J Clin Oncol. 2011 Feb.

## Literatur 2020

- Use of molecularly-cloned haematopoietic growth factors in persons exposed to acute high-dose, high-dose rate whole-body ionizing radiations. Blood Rev. 2021 Jan.
- Cytogenetically-based biodosimetry after high doses of radiation. PloS One. 2020 Apr.
- The Neutrophil to Lymphocyte Ratio as a Triage Tool in Criticality Accidents. Health Phys. 2021 Apr.
- Role of a high throughput biodosimetry test in treatment prioritization after a nuclear incident. Int J Radiat Biol. 2020 Jan.

## Literatur bis 2020

- Multi-organ involvement and failure in selected accident cases with acute radiation syndrome observed at the Mayak Nuclear Facility. BJR 2005

- Multi-organ involvement as a pathogenetic principle of the radiation syndromes: a study involving 110 case histories documented in SEARCH and classified as the bases of haematopoietic indicators of effect. BJR 2005
- Multiple organ involvement and failure: selected Russian radiation accident cases re-visited. BJR 2005
- The pathology of multi-organ involvement: two autopsy cases from the Tokai-mura criticality accident. BJR 2005
- Multi-organ involvement in the patient who survived the Tokai-mura criticality accident. BJR 2005
- Multi-organ involvement: lessons from the experience of one victim of the Tokai-mura criticality accident. BJR 2005
- Medical management of radiation injuries: current approaches. Occup Med (Lond) 2006 May
- Appropriate radiation accident medical management: necessity of extensive preparatory planning. Radiat Environ Biophys. 2006 Nov.
- Multi-organ involvement as a pathogenetic principle of the radiation syndromes: a study involving 110 case histories documented in SEARCH and classified as the bases of haematopoietic indicators of effect. BJR 2005
- Ionizing radiation injuries and illnesses. Emerg Med Clin Norht Am. 2014 Feb.
- Management of Ionizing Radiation Injuries and Illnesses, Part 5: Local Radiation Injury. J Am Osteopath Assoc. 2014 Nov.
- Medical Management of the Acute Radiation Syndrome: Recommendations of the Strategic National Stockpile Radiation Working Group. Ann Intern Med. 2004 Jun.
- Radiation victim management and the haematologist in the future: Time to revisit therapeutic guidelines? Int J Radiat Biol. 2010 Aug.
- Radiologic and nuclear events: contingency planning for hematologists/oncologists. Blood. 2008 Jun.
- Medical Response to a Major Radiologic Emergency: A Primer for Medical and Public Health Practitioners 1. Radiology. 2010 Mar.
- Medical Treatment of Radiological Casualties: Current Concepts. Ann Emerg Med. 2005 Jun.
- SEARCH: a system for evaluation and archiving of radiation accidents based on case histories. Radiat Environ Biophys. 2000 Sept.
- Literature Review and Global Consensus on Management of Acute Radiation Syndrome Affecting Nonhematopoietic Organ Systems. Disaster Med Public Health Prep. 2011 Oct.
- Medical management of patients with multiple organ dysfunction arising from acute radiation syndrome. BJR 2014 Jan- (2005)
- Radiologic and nuclear events: the METREPOL severity of effect grading system. Blood. 2008 Jun.

## Literaturübersicht

- How to manage accidental and unintended exposure in radiology: an ESR white paper. Insight Imaging. 2019 Feb.
- Medical Management Of Radiological Casualties Third Edition June 2010

- Medical Management Of Radiological Casualties Fourth Edition July 2013
- AFFRI Pocket Guide 2011
- Decision Makers Guide 2017

## Radiation Accident Presentation (alle)

Präsentationen nicht als Journals vorhanden

## Stem Cell Transplant

- Bone marrow transplantation after the Chernobyl nuclear accident. N Engl J Med. 1989 Jul.
- Hematopoietic cell infusion for the treatment of nuclear disaster victims: new data from the Chernobyl accident. Int J Radiat Biol. 2011 Aug.
- Lessons from bone marrow transplantation for a victim of a radiological accident with acute radiation syndrome. BJR 2014 Jan (2005)
- Transient hematopoietic stem cell rescue using umbilical cord blood for a lethally irradiated nuclear accident victim. Bone Marrow Transplant. 2002 Feb.
- The evolving role of haematopoietic cell transplantation in radiation injury: potentials and limitations. BJR 2014 Jan (2005)
- Case report Transplantation for accidental acute high-dose total body neutron and -radiation exposure. Bone Marrow Transplant. 2002 Jun.
